

Quartette Ground is Leaser's Mecca.

The Funk and Jobe lease at the Quartette has been purchased by James W. Corn and John Stark, who have started to work it. While the sum paid could not be learned, it is understood to be a good figure. This lease is looking fine and there is a good body of high-grade ore in sight. The last car-load taken out averaged about 60% a ton, netting about 50% at the smelter. As it took two men but a month to take out the car-load, it was very profitable. This ore carried, besides gold, between 15 and 20 ounces in silver, and 9 per cent copper.

The Cabell lease is doing very well. Two men are taking out about a ton and a half a day. The west drift shows three to four feet of ore averaging around 15%, and the east drift has about 18 inches of ore of much higher grade.

The boys on the Holmes-Montgomery lease are keeping up their good work. They are stoping on the ore blocked out, taking out about five tons a day that plates about 25% a ton. There is a large tonnage in sight on this block of ground.

The new Holmes, Post and McQuaid lease is liable to be a record-breaker. While the ore taken out, about five tons a day, does not average over 20%, yet bunches of high grade have been encountered that look most promising. Specimens have been taken out literally plastered with gold, and at least two tons were broken that will yield at the very smallest estimate 100% a ton.

Altogether, conditions at the Quartette were never more promising than now.—Searchlight Bulletin.

The Indiana Way.

The oil industry has its humorous side, it seems, as well as its serious, at least in Indiana.

A farmer living in one of the rich oil fields of that state has, so we are informed, brought suit to set aside a lease he gave to an oil company under rather unusual terms. When the lease was being signed up, the leasers assured the farmer that, according to custom, they would give him one-sixth of the oil production as his royalty. "That don't suit me," the farmer is said to have replied, "I think I ought to have a seventh anyway." The astonished oil men quickly agreed to this and, as a proof that their hearts were right agreed to give him an eighth, much to the farmer's satisfaction.

Since then the farmer has reviewed his arithmetic and has come to the conclusion that he wants to cancel the lease. The outcome of the suit is awaited with much interest and concern.—Mining World.

At Courtland, the Great Western Mining company is shipping three cars of ore daily from its mine to the El Paso Smelters and is employing ninety men. The output has been materially increased during the last few weeks, but no further increase is now under consideration. The Calumet & Arizona company is working about sixty men on its Courtland property and is maintaining a daily output of about two carloads of ore. This is shipped to Douglas.

When you have a bad cold you want the best medicine obtainable so as to cure it with as little delay as possible. Here is a druggist's opinion. "I have sold Chamberlain's Cough Remedy for fifteen years," says Enos Lullar of Saratoga, Ind., "and consider it the best on the market." For sale by all dealers.

"Our Personal Guarantee to all Skin Sufferers"

H. H. Watkins, Druggist

We have been in business in this town for some time, and we are looking to build up trade by always advising our patrons right.

So when we tell you that we have found the eczema remedy and that we stand back of it with the manufacturer's iron clad guarantee, backed by ourselves you can depend upon it that we give our advice not in order to sell a few bottles of medicine to skin sufferers, but because we know how it will help our business if we help our patrons.

We keep in stock and sell, all the well known skin remedies. But we will say this: If you are suffering from any kind of skin trouble, eczema, psoriasis, rash or tetter, we want you to try a full size bottle of D. D. D. Prescription. And, if it does not do the work, this

Second only in attendance and the number of targets shot at to the Grand American Handicap, the sixth annual shoot of the Westy Hogans held its fleeting sway, September 18-20, at Atlantic City. Disagreeable weather conditions made the brilliant work of the shooters all the more remarkable. Every contest was hard fought and all the winnings were richly deserved. The banner event of the meet, the championship of the Westy Hogans, was won by C. H. Newcomb, of Philadelphia, 99x100 and 19x20 in shoot off, shooting Remington-UMC Arrow steel lined shells. Mr. Newcomb also captured high amateur average, 431x450, 24x25 in shoot off, using the same ammunition. J. S. Young shot his way to the Bull Durham trophy, 146 x 15, with Remington-UMC shells.

The disease commonly known as "Pink Eye" has made its appearance in this section, and is occasioning considerable alarm from the number of animals that are affected, and the loss of several valuable horses, not only in the country, but in this city as well. Over a dozen horses have died within the past ten days, according to reports made yesterday.

When the disease is first detected, the horse is immediately placed in a dark building, which precaution is taken to save its eyesight, and also to hasten recovery. A similar epidemic is prevailing in Kansas, with which is associated a spinal trouble, which has killed horses valued at over 5,000,000 during the past month.—Prescott Courier.

Sick headache is caused by a disordered stomach. Take Chamberlain's Tablets and correct that and the headaches will disappear. For sale by all dealers.

J. W. Copeland, of Dayton, Ohio, purchased a bottle of Chamberlain's Cough Remedy for his boy who had a cold, and before the bottle was all used the boy's cold was gone. Is that not better than to pay a five dollar doctor's bill? For sale by all dealers.

NO SIR, I CAN'T GET APPENDICITIS

I Eat All I Want to Now. No More Gas on the Stomach or Sour Stomach. No More Heavy Feeling After Meals or Constipation.

No matter what you've tried without getting relief JUST TRY simple buckthorn bark, glycerine, etc., as compounded in ADLER-I-KA! You will be surprised at the QUICK results and you will be guarded against appendicitis. The VERY FIRST DOSE will help you and a short treatment with ADLER-I-KA will make you feel better than you have for years. This new German appendicitis remedy antiseptizes the stomach and bowels and draws off all impurities. A SINGLE DOSE relieves gas on the stomach, sour stomach, constipation, nausea or heavy belching after eating almost AT ONCE. A short treatment often cures an ordinary case of appendicitis.
